3. Enter your email and password. The window is automatically closed if you log in successfully.

Upload Preview Files to Frame.io

After signing in, you can now upload preview files directly to <u>Frame.io</u>. Plus, metadata such as markers and keywords added in KeyFlow Pro 2 are also uploaded as comments.

To upload to Frame.io, follow the steps below:

1. Select the media assets, then select '<u>Frame.io</u> (Preview File)' from the 'Share' context menu. (or choose 'Media > Share > <u>Frame.io</u> (Preview File)' from pull-down menu).

2. Select a project and destination folder in 'Select a Target', and click a 'Upload' button.

• You can use 'Open', 'Quick Look' or 'Reveal in Finder' in the list to upload on the right side. 3. You can monitor the file uploading progress and the number of jobs remaining. Please click a '<u>Frame.io</u> Upload Monitor' icon on the bottom-right.
